

Dear customers.

### **SPARK PLUG INFORMATION**

SEAT Sport informs about the change of the spark plugs on the SEAT Leon Cup Racer 2.0l TFSI engine.

All cars (DSG and SEQ model) and spare parts engines that SSp will deliver from 01.06.2016 onwards will have installed the new spark plug ref: 5F6 905 601 NGK-9. The spark plug ref: \_06K905601B remains usable for the engines with DSG gear box application only.

Spark plug application table:

APPLICATION	REFERENCES AVAILABLES	DESCRIPTION	USE	PROCEDURE
<b>DSG</b>	<b>_06K905601B</b>	NGK	OPTION 1	From series
	5F6 905 601	NGK-9	OPTION 2	
<b>SEQUENTIAL</b>	<b>5F6 905 601</b>	NKG-9	MANDATORY	Motorsport

### **INFORMATION FOR THE STEERING RACK CLEANING**

SEAT Sport informs that the steering rack electric sockets are waterproof when the plugs are connected.

SEAT Sport advices that before cleaning the steering rack it is mandatory to seal the connector socket otherwise, due to the use of the “karcher”, water can enter on the steering rack electronic compartment causing failure.

*View of the sockets to seal before cleaning.*
